

MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to welcome everyone to the 2022 Banff-Canadian Society of Transplantation Joint Meeting.

After a difficult two years, Alberta is proud to host international physicians, surgeons, scientists, nurses, pharmacist and allied health care professionals all with the same goal—to improve the outcomes of transplant patients by sharing ideas, leading practices, innovative science, and education about transplant care. The work you do here will make a significant difference in the lives of transplant patients around the world.

Improving the lives of transplant patients is also important to Alberta's government. That's why we've provided \$2-million in new funding to expedite organ and tissue donations, allowing reduced wait times for tissue and organ recipients.

Thank you to the event organizers and sponsors for providing this important forum for transplantation professionals to learn from and connect with each other. I hope you have a chance to enjoy Banff's beautiful scenery as well as the educational programming.

Best wishes for a successful conference!

Hon Jason Kenney, Premier of Alberta
